

National Materials Program 2.0

Age of the Co-Champions

Duncan White
NRC Co-Champion

Jennifer Opila
OAS Chair

August 21, 2019

Development of SA-10

- Panel Discussion at 2018 Meeting
- Draft Procedure
- Webinars
- Comments
- Final Product

SA-10 Key Features

- Annual Goals and Priorities
- NMP Activities
- Assessment of Performance
- Enhance Communications
- Co-Champions

2019/2020 NRC and OAS Priorities

- Tier One

- Defining NMP Roles and Responsibilities
- Resource Sharing
- Agreement State Training Needs
- IMPEP Guidance revision
- Emerging Medical Technology
- Working Groups for high priority issues

- Tier Two

- Web-Based Licensing
- IMPEP in an electronic age
- Recruitment and Retention of Health Physicists
- General Licensing Program

NMP and IMPEP Working Group Recommendations on the NMP

- Risk-informed time period for adoption of program elements
- Centers of Expertise
- Identify and eliminate low-risk regulatory activities
- Training and increased understanding of technical issues
- Procedure and guidance development
- Enhanced communication across the NMP

Creating a Sustainable NMP Framework

- What activities should be part of the NMP?
- How should we assess NMP performance?
- What would you like to see the Co-Champions do?
- How should we enhance NMP communications to be inclusive for everyone?
